

The Illingworth Assisted Living Center at Royal Oaks

See reverse for Health Care Center information

Seniors requiring assistance with some activities of daily living, including medication administration, are invited to become residents of the stunning Assisted Living Center on the Royal Oaks campus. The 59 one- and two-bedroom apartments are nicely appointed with kitchenettes and all the safety and security features one would require.

Certified Caregivers are staffed in the Center 24 hours a day. These smiling faces stop by frequently to help residents and encourage attendance at events planned by the Activity Coordinator. In addition, the Center has a Nurse/Manager that identifies services required for each resident. Meals are served in a gracious dining setting that encourages socialization. Other amenities include a library, secure courtyard, and a host of other activities in the Life Enrichment Center adjacent to the Assisted Living Center.

ROYAL OAKS

The Illingworth Assisted Living Center

9965 W. Royal Oak Road • Sun City, AZ 85351
